Time series data on important parameters such as enrolment, teachers and number of institutions at all India level are provided in various Statements. The data is also graphically presented. It is hoped that the present detailed information in the publication would be useful not only for educational planner, administrators and researchers but also for all those concerned with education sector.

Efforts have been made to collect complete and reliable data from the State Governments/UT Administrations. I would like to thank the Officers of the States/UTs and also the Officials of the Statistics Division of this Department for their efforts in bringing out this Publication.

It is our constant endeavor to improve the coverage in this publication as well as its presentation based on the feedback from the users of this Publication. # Concepts, Definitions & Explanations

**Enrolment:** Number of pupils or students enrolled in a given grade/class as on reference date, which is 30<sup>th</sup> September of an academic year, regardless of age.

**Grade/Class:** Grade/Class is a stage of instruction usually covered in one academic year.

**Government:** Central and State Governments.

**Local Bodies:** Panchayats (as defined in Art 243 read with 243 B of the Constitution), Municipalities (as defined in Article 243 P read with 243 Q of the Constitution), Cantonment Boards, Town Area Committee and any other bodies of local self government constituted under a law.

**Private Aided:** A school managed by an individual, trust, society or other private organisation and receiving regular maintenance grant from Government or local body.

**Private Unaided:** A school managed by an individual, trust, society or other private organization and not receiving regular maintenance grant from Government or local body. A school which is in receipt of one-time ad-hoc grant for a specific purpose like building construction, strengthening of library or laboratory facilities, one-time subsidy towards teacher salary etc., but not receiving regular maintenance grant, is also treated as an unaided School.

**School Category according to level:** A school are categorised according to the highest level (as per State pattern) at which it imparts instructions. Thus

- A school having highest class up to XI or XII is categorized as Senior Secondary School.
- A school having highest class up to IX or X is categorized as Secondary School.
- A school having highest class up to VII or VIII is categorized as Upper Primary School.
- A school having highest class up to IV or V is categorized as Primary School.
- Pre-Primary School means schools imparting instruction at a level preceding Class I of the Primary stage i.e. Nursery/Kindergarten, but excludes Anganwadies, run under ICDS and Balwadies run under any other scheme of States Government/Local Bodies or private crèches etc.

**Education Guarantee Scheme (EGS) Centers:** Alternative schools in unserved habitations where there is no formal school within the radius of 1 kilometer and at

least 15-25 children of 6-14 years age group who are not going to schools are available.

**Alternative and Innovative Education (AIE) Centers.** The centers set up for very specific, difficult groups of 'out of school' children for mainstreaming or otherwise, under the AIE component of the EGS&AIE scheme, are termed as Alternative & Innovative Education Centers. Some of the examples of AIE Centers are seasonal hostels for migrating children, condensed/bridge courses/ back to school camps for mainstreaming out of school children and to achieve competencies appropriate for their age in a short period, residential camps/drop-in centers for street and slum children.

**Enrolment by type of School:** Total number of students studying in a School as a whole, irrespective of different levels and kinds of courses being taught in that school.

**School-age Population:** Population of the age group which officially corresponds to the relevant level of education.

**Gross Enrolment Ratio (GER):** Total enrolment in a specific level of education, regardless of age, expressed as a percentage of the eligible official school-age population corresponding to the same level of education in a given school-year. It is calculated by dividing the number of pupils (or students) enrolled in a given level of education regardless of age by the population of the age-group which corresponds to the given level of education and multiplying the result by 100.

**Gender Parity Index (GPI):** Ratio of the female GER to male GER. A GPI of 1 indicates parity between sexes.

**Dropout:** A dropout is a pupil who leaves school before the completion of a school stage or leaving at some intermediate or non-terminal point of a given level of education. Drop-out rate at primary level is calculated by subtracting the value obtained by dividing the enrolment in Class V during 2008-09 by enrolment in Class I during 2004-05 from one and multiplying it by 100.

**Teacher:** A teacher is a person who is directly engaged in instructing a group of students. Head of the institution is also counted as teacher. The research guiding staff, demonstrators, tutors and Directors of Physical Education & Physical Training Instructors will also be shown as teachers. Teachers registered as research scholars will be shown as teachers. However, research students doing teaching work will not be treated as teachers. Similarly, laboratory attendants, library clerks, game instructors, etc. who do not participate in teaching will not be treated as teachers.

**Trained Teacher:** A trained teacher is one who has successfully undergone a course of training through a recognised teacher training institution.

**Percentage of Trained Teachers in a Given School Category:** The number of trained teachers expressed as a percentage of total number of teachers in a given school type.

**Pupil-Teacher Ratio (PTR):** Average number of pupils (students) per teacher at a specific level of education in a given school-year.

## EXPLANATIONS

1. Data for the States of Jharkhand and Nagaland has been repeated from the year 2007-08 as no data is received for the year 2008-09.
2. Many States viz. Andhra Pradesh, Assam, Goa, Gujarat, Haryana, Jammu & Kashmir, Karnataka, Kerala, Madhya Pradesh, Mizoram, Nagaland, Odisha, Punjab, Tripura, Uttar Pradesh, Uttarakhand, West Bengal and Chandigarh have not shown number of Pre-Primary schools.
3. For the state of Assam, data as provided by Department of Secondary Education for classes VIII-XII has been taken in this publication. As the Department of Elementary Education has not provided data for classes I-VII, enrolment data for classes I-V has been repeated from the year 2007-08 and data for classes VI-VII repeated from the year 2009-10. Data for Number of schools and Number of teachers for classes I-VII has been repeated from the year 2007-08.
4. Data for Number of Schools and Number of Teachers at Higher Secondary level for Dadar & Nagar Haveli and Odisha has been repeated from 2007-08 respectively.
5. Kashmir region of Jammu and Kashmir State has not provided ST data for the year 2008-09. Figures shown against J&K for ST enrolment pertain to Jammu region only.
6. Number of schools and number of teachers shown by Kerala for the year 2008-09 for classes XI-XII is abnormally low as compared to data for the year 2007-08. Hence, data for classes XI-XII has been repeated from the year 2007-08.
7. Data for No. of teachers and Enrolment by type for primary and middle schools has been repeated from the year 2007-08 due to low reporting of data by Madhya Pradesh for the year 2008-09.
8. Gross Enrolment Ratio (GER) is the percentage of the enrolment in classes I-V, VI-VIII, I-VIII, IX-X etc to the estimated child population in the age groups 6-10, 11-13, 6-13, 14-15 etc. years respectively. Enrolment in these stages includes under-age and over-age children. Hence, the total percentage may be more than 100% in some cases.

Blank Cells in the GER tables indicates there is neither SC/ST population nor SC/ST Enrolment.

Zero (0) in GER (SC) table for Arunachal Pradesh is due to negligible SC population and no enrolment indicated by the state.

In case of GER (ST) for Chandigarh and Delhi, there is no ST population, but there is marginal enrolment, therefore cells are blank.

Very High GER (SC) for Mizoram and very high GER(ST) for Goa is due to very high SC and ST Enrolments received from these States compared to the projected SC/ST population in these States.

9. (-) in the Drop-out rate indicates, either there is no SC/ST in the respective State/UT or it is negative.
10. Gujarat has not shown the figures on number of Schools, Teacher and Enrolment by type for Primary and Upper Primary Schools separately. We have shown these figures under Upper Primary Schools.
11. To calculate the Drop-Out of Bihar, Chhattisgarh, Jharkhand, Madhya Pradesh, Uttar Pradesh and Uttarakhand for Classes I-X, the ratio of enrolment of Class I for 2001-02 is taken to distribute the enrolment for 1999-2000 between the bifurcated States.
12. Mizoram has revised the back series Class I enrolment for Years 2001-02 to 2008-09. These figures have been taken to calculate the indicators.
13. Methodology adopted for population projections in the Age-groups 6-10 years, 11-13 years, 14-15 years and 16-17 years

Single age wise projected population is available for the years 2006 & 2011 for the ages 5-18 years from " POPULATION PROJECTIONS FOR INDIA AND STATES 2001-2026" published by The Registrar General & Census Commissioner, Government of India. These are available State-wise (including Assam) except for North -Eastern States and Goa. For North -Eastern states excluding Assam, combined projection totals are available single age-wise. Age-wise population projections are not available for Union Territories (UTs) and Goa.

For All States (including Assam) except Goa, North -Eastern States other than Assam and UTs

For each age-group, population total have been worked out for the year 2006 for each state. The population as available from the census 2011 for the state has been distributed in the age groups using the ratio of projected population for 2011 in that age groups.

For each age-group, population has been projected for the year 2008 state-wise, using Compound Annual Growth Rate.

For North -Eastern States other than Assam

For each age-group, population has been projected for the year 2008 for combined North Eastern States other than Assam, using Compound Annual

Growth Rate using the same method as above. These have then been distributed amongst the North Eastern States using the ratio of 2001 population for each age group.

#### For Goa and UTs

For each age-group, population for each UT and Goa has been worked out for the year 2008 using ratio of population in that age group to the total population in 2001. Actual population for 2011 is used to interpolate population for 2008.

#### SC/ST Population

For each age-group, the SC/ST population for a State has been obtained for the year 2008 using the ratio of SC/ST population in that age group to the total population of that State in 2001.

## 1. INTRODUCTION

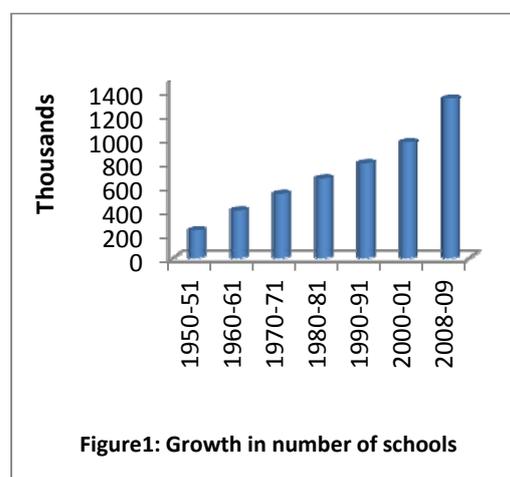

*The* essence and role of education articulated in the National Policy on Education (NPE), 1986/92 continues to be relevant even 27 years after its formulation. NPE states:

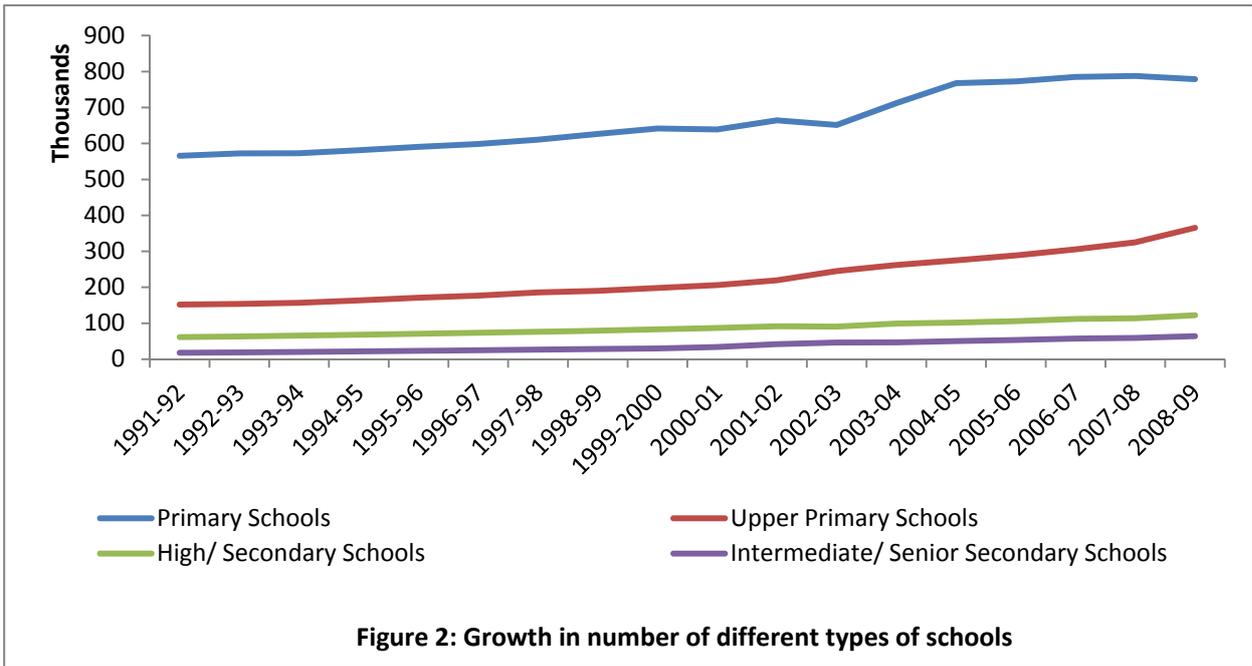

- In our national perception education is essentially for all. This is fundamental to our all-round development.
- Education has an acculturating role. It refines sensitivities and perceptions that contribute to national cohesion, a scientific temper and independence of mind and spirit - thus furthering the goals of socialism, secularism and democracy enshrined in our Constitution.
- Education develops manpower for different levels of the economy. It is also the substrate on which research and development flourish, being the ultimate guarantee of national self-reliance.
- In sum, education is a unique investment in the present and the future. This cardinal principle is the key to the National Policy on Education.

In 2010 the country achieved a historic milestone when Article 21-A and the Right of Children to Free and Compulsory Education (RTE) Act, 2009 became operative on 1<sup>st</sup> April 2010. The enforcement of Article 21-A and the RTE Act represented a momentous step forward in our country's struggle for universalising elementary education. The RTE Act is anchored in the belief that the values of equality, social justice and democracy and the creation of a just and humane society can be achieved only through provision of inclusive elementary education to all.

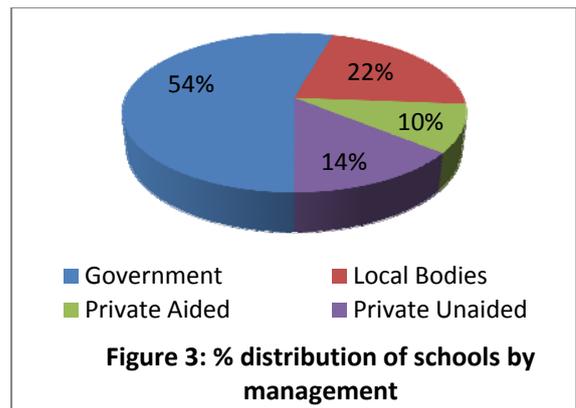

## 2. NUMBER OF EDUCATIONAL INSTITUTIONS

2.1 While the share of private un-aided schools has increased over the years, the percentage of government schools has decreased. The time-series data on percentage distribution of schools by management are shown in Statement 2. Distribution of schools by management is shown in figure 3. State-wise details of number and distribution of schools by management is given in Table A2.
