The public expenditure as percentage of GDP by the Department of Education and by other Departments in their education related activities is also provided for the years 2000-01 to 2022-23.

Income and Expenditure statements of premier institutions, i.e Indian Institute of Technologies (IITs), National Institute of Technologies (NITs), Indian Institute of Managements (IIMs) and Central Universities have been part of this publication since previous issue. The same practice is being followed in this publication also.

For the convenience of our esteemed users, a small writeup "Explanatory note" have been included in this publication, which provides what is included/excluded while compiling various Tables/Statements as well as limitations.

EXPLANATORY NOTE

- This publication includes Public Expenditure on different sectors of Education i.e. Elementary, Secondary, University & Higher Education, Adult and Technical Education for Centre and States/UTs and as percentage of GDP as well.
- The Sector wise break up of expenditure incurred on education, research and training by the Ministries/Departments other than Ministry of Education is not available in the budget documents of the Central Ministries. Therefore, to arrive at the sector wise expenditure on education by those Ministries/Departments, adjustments has been done on the basis of the nature of expenditure on education by these Ministries/Departments. For example, the expenditure on education incurred by the Ministry of Health & Family Welfare and Ministry of Micro, Small & Medium Enterprises goes towards the Technical Education sector.
- Similarly, the sector wise breakup of expenditure incurred on education, research and training by the Departments of States/UTs, other than the Department of Education is also not available separately in their budget documents. Therefore, to arrive at the sector wise expenditure of these Departments (other than the Department of Education) of States/UTs, the total expenditure on education, research and training by these Departments are distributed among Elementary, Secondary, University & Higher Education and Technical Education, on the basis of the ratio of these sectors at Centre (by other & Ministries/Departments).
- Under the heads "Capital Account" and "Loans & Advances", only the expenditure estimates of the Education Department of State/UTs are considered. This means that the estimates of expenditure on education for these two accounts are solely based on the expenditure under these two accounts by the Education Department of State/UTs only.
- Efforts have been made to include all the Indian Institute of Technologies (IITs), National Institute of Technologies (NITs), Indian Institute of Managements (IIMs) and Central Universities under the Financial Performance Report of this publication. However, a couple of IITs, NITs, IIMs and CUs could not be included due to unavailability of data.
- For some of the IITs, NITs and CUs, the total expenditure for the year 2022-23 is exceeding total income, as given in the Financial Performance Report. This can be attributed to one or more of the following:
 - a) Revenue-related issues: Decrease in academic receipts, grants and subsidies.
 - b) Financial-related factors: High depreciation expenses, increased interest expenses.

- c) Operational inefficiencies: Increased operating costs, inefficient use of resources, or higher-than-expected expenses.
- Statements Nos. 4.11, 6.3 and 10.4 have been omitted from this report due to the complete absence of budgeted expenditure under the corresponding heads by all State/UTs. However, to ensure consistency with previous issues of this publications, the statement numbers for the remaining statements have been retained as before, maintaining the original sequence.

OVERVIEW

ANALYSIS OF BUDGETED EXPENDITURE ON EDUCATION

1. INTRODUCTION

1.1 The Analysis of Budgeted Expenditure on Education (2020-21 to 2022-23) enunciates the budgeted expenditure on education by various Departments and Ministries of the central and state/UT governments for three consecutive years, viz, BE (2022-23), RE (2021-22) and actual (2020-21). Apart from the budgeted expenditures of the Department of Education (DoE), the expenditures incurred by other departments on education have also been taken into account in order to determine the ins and outs of the expenditures on education in India. The expenditures incurred by other departments include those on training, research, and development. Hence, the total expenditure on education thus comprises of the following four components:

- Expenditure on education by the Ministry of Education at Centre
- Expenditure on education, research & training by the other Ministries/departments at the Centre
- Expenditure on education by the Department of Education at the States/UTs
- Expenditure on education, research & training by the other Departments at States/UTs

To avert double counting in the case of centrally sponsored schemes, the expenditure figures are split into two parts, viz., the central share and the state share, as per the share mentioned in the scheme, and are accordingly taken under the center head and state head, respectively.

1.2 The publication also includes analysis of Income and Expenditure statement for FY 2022-23, encompassing India's esteemed Institutions: Indian Institute of Technology (IITs), Indian Institutes of Management (IIMs), National Institute of Technology (NITs) and Central Universities. This analysis provides valuable insights on the grants received by institutions, generated by those institutions in the form of academic receipts, as well their expenditure.

1.3 The analysis of budgeted expenditure is also presented separately Sector wise, i.e. expenditure on Elementary, Secondary, University & Higher, Technical and Adult Education. In addition, the details of public expenditure on education for Language Development is also included as separate sector in relevant table/statements.

1.4 It is also pertinent to indicate that apart from the Revenue Account, the Education Departments of States/UTs and Centre also incur expenditure under the Capital Account as well as Loans and Advances Accounts. Hence, the expenditure by all these three accounts have been included here. The expenditure estimates under Capital Account & Loans and Advances account pertains to expenditure under these heads incurred by the Education Departments of States/UTs only.

- 1.5 The expenditure on education is culled out from the Detailed Demand for Grants (DDG) of all Ministries/ Departments of Centre and State/UTs. In addition, for analyzing the financial performance of IITs, IIMs, NITs and Central Universities, the Annual Reports of the respective institutions served as major source.

2. SUMMARY RESULTS

- 2.1 The Budget Estimates (BE) on education for 2022-23 by the Education Departments of State/UT and the Center amounts to Rs.7,95,574 crore, which is 11.51% more than the revised estimate of Rs.7,13,428 crore for FY 2021-22 for the same account. Taking into account both the Revenue and the Capital Accounts (Including Loans), the total expenditure on education constitutes 8.77% of the total budget of the Centre and the States/UTs for 2022-23.
- 2.2 For FY 2022-23, the BE on the Revenue Account for the Education Departments of the Center and the State/UT are Rs.1,65,993 crore and Rs.6,03,720 crore respectively, which grosses to Rs.7,69,712 crores, which is 10.93% more than the revised estimate of Rs.6,93,874 crore for FY 2021-22 for the same account. The total expenditure on revenue accounts constitutes 10.31% of the total budget of the Centre and the States/UTs for 2022-23.
