

ALL INDIA SURVEY ON HIGHER EDUCATION

2011-12
(Provisional)

GOVERNMENT OF INDIA
MINISTRY OF HUMAN RESOURCE DEVELOPMENT
DEPARTMENT OF HIGHER EDUCATION
NEW DELHI

2013

Key Results of the AISHE 2011-12 (Provisional)

- Survey covers entire Higher Education Institutions in the country. Institutions are categorised in 3 broad Categories; University, College and Stand-Alone Institutions. **Lists of 642 Universities, 34908 colleges and 11356 Stand Alone Institutions have been prepared during the survey.**
- In addition to the actual response received during AISHE 2011-12, data has been pooled from the AISHE 2010-11 for the Institutions whose name existed in 2011-12 but has not submitted data so far. Thus the results are based on 601 Universities, 21158 Colleges and 6702 Stand Alone Institutions. Out of 601 universities, 238 are affiliating.
- Whole survey was conducted through online mode for which a dedicated portal (<http://aishe.gov.in>) has been developed. The e-version of DCF expands according to the structure/size of the Institution. No investigator is sent to the Institution to collect the data. One unique feature is that the filled in DCFs are always available on the portal, which can be seen by the Institutions and higher level authorities.
- There are 83 Technical, 33 Agriculture, 24 Medical, 17 law and 10 Veterinary Universities.
- The top 6 States in terms of highest number of colleges in India are Uttar Pradesh, Andhra Pradesh, Maharashtra, Karnataka, Rajasthan and Tamil Nadu.
- Bangalore district tops in terms of number of colleges with 924 colleges followed by Jaipur with 544 colleges. Top 50 districts have about 36% of colleges.
- College density, i.e. the number of colleges per lakh eligible population (population in the age-group 18-23 years) varies from 6 in Bihar to 64 in Puducherry as compared to All India average of 25.
- 73% Colleges are privately managed; 58% Private-unaided and 15% Private-aided. Andhra Pradesh and Tamil Nadu, both have more than 85% Private-unaided colleges, whereas, Bihar has only 6% and Assam 10% Private-unaided colleges.
- **Total enrolment in higher education has been estimated to be 28.56 million with 15.87 million boys and 12.69 million girls. Girls constitute 44.4% of the total enrolment.**

- **Gross Enrolment Ratio (GER) in Higher education in India is 20.4, which is calculated for 18-23 years of age group. GER for male population is 21.6 and for females it is 18.9.**
- Distance enrolment constitutes 12.5% of the total enrolment in higher education, of which 39.9% are female students.
- About 79% students are enrolled in Undergraduate level programme. 84505 students are enrolled in Ph.D. that is less than 0.5% of the total student enrolment.
- Maximum numbers of Students are enrolled in B.A. programme followed by B.Com and B.Sc. programmes. Only 20 Programmes out of approximately 150 cover 83% of the total students enrolled in higher education.
- At Undergraduate, level the highest number (34%) of students is enrolled in Arts followed by Engineering & Technology (19%), Commerce (14.5%) and Science (12%).
- At Ph.D. level, maximum number of students is enrolled in Science stream followed by Engineering & Technology. On the other hand at Post Graduate level maximum students are enrolled in Management stream and Social Science comes at number two.
- Uttar Pradesh comes at number one with the highest student enrolment followed by Maharashtra and Andhra Pradesh.
- Scheduled Casts students constitute 12.5% and Scheduled Tribes students 4.2% of the total enrolment. 31.6% students belong to Other Backward Classes. 4.5% students belong to Muslim Minority and 2.1% from other Minority Community.
- The total number of foreign students enrolled in higher education is 31,632.
- The foreign students come from 153 different countries from all across the globe. The top 25 countries constitute 77% of the total foreign students enrolled. Highest share of students come from the neighboring countries, of which Nepal is 17%, followed by Bhutan and Iran (7%), Malaysia and Afghanistan (5%).
- There are 73% colleges running in Private sector; aided and unaided taking together, but it caters to only 61% of the total enrolment.
- **Pupil Teacher Ratio (PTR) in Universities and Colleges is 25.6.**

CHAPTER I – INTRODUCTION

All India Survey on Higher Education (AISHE) was initiated in 2011 during which data for the year 2010-11 was collected. The survey was utmost necessary as none of the source of data on Higher education was giving complete picture of higher education in the country. Also, there were many important parameters on which data is required for policy making but either no data was available or incomplete data was available. For the first time all the major Stakeholders in Higher Education such as University Grants Commissions, All India Council for Technical Education, Medical Council of India as well as State Governments participated in the data collection exercise. The entire survey was conducted through electronic mode and a dedicated portal <http://aishe.gov.in> was developed for the purpose, thus making the exercise completely paperless. The survey covered all the Institutions in the country engaged in imparting the higher education. Data is being collected on several parameters such as teachers, student enrolment, programmes, examination results, education finance, infrastructure etc. Indicators of educational development such as Institution Density, Gross Enrolment Ratio, Pupil Teacher Ratio, Gender Parity Index etc. are calculated from the data collected through AISHE. These are useful in making informed policy decisions and research for development of education sector.

Keeping in view the usefulness of data, the Ministry decided to continue the survey on annual basis. AISHE 2011-12 was started in March 2013. AISHE 2012-13 has also been launched on 3rd, September, 2013 by Shri Jitin Prasada, Hon'ble Minister of State for HRD. Presently the Survey for both the years is running simultaneously. With the simultaneous launch of AISHE 2012-13, an attempt has been made to reduce the time-lag in dissemination of higher education data to the bare minimum.

Geographical Coverage: All Institutions of Higher Education located within the Geographical boundary of India, recognised by any Statutory Body established under Central/ State Act has been covered during the Survey.

Type of Institutions: The Institutions have been classified in following 3 broad categories:

- University & University Level Institutions i.e. the Institutions which are empowered to award degree under some Act of Parliament or State Legislature.

- Colleges/Institutions which are not empowered to provide degree in its own name and therefore are affiliated/recognised with Universities.
- Stand-alone institutions (not affiliated with Universities) which are not empowered to provide degree and therefore run Diploma Level Programmes. During 2010-11 survey, 3 types of such Institutions have been covered. These are, (i) Technical such as Polytechnics, Post Graduate Diploma in Management recognised by AICTE and administered by State Directorate of Technical Education, (ii) Teacher Training such as District Institute of Education & Training recognized by National Council for Teacher Education and administered by State Council for Education Research & Training and (iii) Nursing Institutes recognized by Indian Nursing Council and administered by State Nursing Council/Boards. Institutions running diploma level programmes and directly regulated/administered by Central Ministries have also been covered from the year 2011-12.

Reference Period for AISHE 2011-12: Reference date for filling up the Data Capture Formats is *30th September, 2011*. The number of institutions, teachers and students has been recorded on the basis of their actual number as on 30th September, 2011.

Information in respect of Examination Result has been collected for the students passed out/awarded degree *on or before 30th December 2011 for the academic year 2010-11*.

Financial Information has been recorded for the financial year i.e. *1st April 2011 to 31st March 2012*.

List of Higher Education Institutions: During 2010-11 the lists of all the Universities and Stand-alone Institutions have been prepared by adopting the following method:

- Consulting the websites of the State Government Departments, Ministries and Institutions.
- Consulting all the Central Ministries, Councils and State Governments for providing the list of Institutions under their control.

Different colleges are regulated with different regulatory bodies. There are some colleges whose programmes are recognised by more than one regulatory body. To avoid duplication or omission, University was identified as best source to prepare the list of colleges. Thus, College list was dynamically generated through University during the AISHE 2010-11.

From 2011-12, following mechanism was adopted to update the list

- . List of Universities through State Governments, Central Ministries, UGC and self disclosure by the Universities, which is to be verified by the Act of the University.
- . List of Colleges through Universities
- . List of Stand Alone Institutions through respective Councils, State Governments and Central Ministries

An online module has been developed for this purpose. Apart from addition and deletion, module has been developed to affiliate and de-affiliate colleges which maintain the identity of the college even after shifting from one University to other. A provision has also been made for those colleges which are upgraded to University so that there is always a backward linkage.

Number of Institutions for AISHE 2011-12 is still getting updated and can be frozen only after the closure of the survey. List of Institutions updated till December, 2013 is given in various Tables.

Mode of Survey - A dedicated portal (<http://aishe.gov.in>) has been developed with the help of National Informatics Centre (NIC) for collection & compilation of the data. All the Institutions need to register on the portal for accessing the portal and uploading its data. The registrations of the Institutions are approved by appropriate level of officers at State/ Central Level and in case of colleges, by University Nodal Officer. The e-version of DCF has been prepared in such a manner that it expands according to the structure/size (Number of Faculties/ Departments, Programmes, etc.) of the Institution. The Data Capture Format is downloaded from the portal, filled off-line and then filled-in DCF is uploaded, which has made it completely paper-less. DCF has been designed in such a manner that no manual aggregation is required at any level. No investigator is sent to the Institution to collect the data. In fact the nodal officers appointed by the Institutions themselves are the Investigator and they are responsible for filling up the DCF and uploading it on the portal. This eliminates the duplication of effort in data entry once form is uploaded by the Institution. Once data is uploaded by the Institutions, data compilation is done automatically in pre-designed formats. One unique feature is that the filled in DCFs are always available on the portal, which can be seen by the Institutions and higher level authorities and can be modified, whenever required, till the survey is closed.

Progress of the Survey as on 20.12.2013 - As on 20.12.2013, 464 Universities, 16021 Colleges and 4654 Stand Alone Institutions; have uploaded the form on the portal. However, in addition to the actual response received during AISHE 2011-12, data has been pooled from the AISHE 2010-11 for the Institutions whose name existed in 2011-12 but has not submitted data so far. So the results are actually based on a larger sample than the actual response of 2011-12 survey which can be seen from the following Table.

	University	Colleges	Stand Alone
Total	642	34908	11356
Response in AISHE 2011-12	464 (72%)	16021 (46%)	4654 (41%)
Total number of Institutions after pooling data from AISHE 2010-11	601 (94%)	21158 (61%)	6702 (59%)

CHAPTER II – ESTIMATED DATA OF ALL INDIA SURVEY ON HIGHER EDUCATION

In the absence of response from all the Institutions, it was decided to present first set of provisional All India Estimates on the basis of data collected till December, 2013. These estimates will be revised in view of the fact that the data flow is still continuing.

Three Categories of Higher Educational Institutions, namely University, College, Stand-Alone Institution were identified and surveyed. There are some Institutions which had uploaded the data during AISHE 2010-11 but have not responded in AISHE 2011-12 till December, 2013. The data provided by these institutions have been repeated in 2011-12 and the present provisional report has been prepared by pooling the data from 2 survey years.

No estimation has been done in case of University and Stand-Alone Institutions. Only Colleges enrolment has been estimated at All India Level and State level, by adopting sampling technique assuring the sufficiency of sample in different stratum, Levels of Programme being the Strata. Methodology for estimation of enrolment has been described in subsequent sections.

Only affiliated and constituent institutions of Central and State Universities have been counted as colleges. Constituent units of deemed/private universities, Off-campus centres and Recognised centres have not been counted as Colleges. In addition to the Affiliated and Constituent colleges, for Off-Campus Centres/ PG Centres and for Recognised Centres of Universities, DCF-II (the format in which the data was required to be submitted) was available to be filled-in. All the Constituent Colleges, the Affiliated Colleges and the Off-Campus Centres were required to fill DCF-II. Constituent units of University, primarily of Private and Deemed Universities, which are integral part of University, have also been listed by these Universities as Constituent College. However, DCF-II for such units were not required to be filled. For Recognised Centres, in normal cases, DCF-II have not been filled, but in a few cases where these are independent institutions, DCF-II have been filled.

Thus, there are four types of College/Institution, for which DCF-II have been filled:

1. *Affiliated College*
2. *Constituent College*
3. *PG and off Campus Centre*
4. *Recognised Centre*

State-wise number of colleges of different types is given in Table 6.

Although intended to cover the entire population, approximately 50% colleges' data could be collected and thus to have an idea of total College's enrolment, estimation adopting proper sampling methodology, was required. Constituent Colleges are mainly located in Bihar, Jharkhand and Maharashtra and most of them have uploaded the data. Therefore, enrolment for Constituent Colleges including constituent units of University has not been estimated. State-wise number of responded colleges (including the colleges which did not respond in 2011-12 but have responded in 2010-11) of different types is given in Table 14.

Thus for only affiliated colleges, enrolment has been estimated. Affiliated Colleges has been divided into two strata; one is Large College and other Small college. Large Colleges are those, which have enrolment of 3000 or more and the remaining are Small colleges. In absence of a priori information, it may be assumed that all large colleges have uploaded the data i.e. in the population the number of large colleges is equal to the number of such colleges that have uploaded DCF-II. Thus, we have avoided over estimation of enrolment of colleges. Average enrolment at a particular Level for the colleges of a particular University has been taken to estimate the enrolment of all colleges of that University. Further, for those Universities, where affiliated colleges' response was less than 10%, state level averages have been used. This method was used as within a university there is homogeneity in nature of colleges. In the States such as Mizoram, Tripura, Tamilnadu, West Bengal, Dadra & Nagar Haveli, Daman and Diu almost 100% work is completed and therefore no estimation has been done for these States. The Estimation formula is given at Annexure.

A Off-Campus Centre/ PG Centre is a centre of the University established by it, outside the main campus (within or outside the state) operated and maintained as its constituent unit, having the University's complement of facilities, faculty and staff. A Recognised Centre is an institution attached with the University for the purpose of awarding degree in respect of programmes being run in these institutions. e.g. Army Cadet College Wing, Indian Military Academy, Dehradun is not affiliated with any University but the degree in respect of Programmes run in the institute are awarded by Jawaharlal Nehru University.

CHAPTER III – ANALYSIS

3.1 Number of Universities

Till December, 2013, list of 642 Universities has been prepared and they were requested to upload the data. The state-wise number of universities with types is shown in Table-1. Among 601 responding Universities, 300 Universities are specialized and the maximum are Technical Universities (83). The distribution among different specializations is shown in Table-2.

3.2 Number of Colleges

Only affiliated and constituent institutions of Central and State Universities have been counted as colleges. Constituent units of deemed/private universities, Off-campus centres and Recognised centres have not been counted as Colleges. There are 238 affiliating Universities and these have 34908 colleges. There are wide variations in number of colleges per state and also per district. Top 10 districts and number of colleges in those districts are shown below. In these 10 districts 13.2% colleges are located. Top 50 districts have about 36.3% of colleges.

District Name	Number of Colleges
Bangalore	924
Jaipur	544
Hyderabad	533
Pune	470
Rangareddy	448
Nagpur	433
Mumbai	358
Bhopal	323
Chittoor	290
Indore	290

College density, i.e. the number of colleges per lakh eligible population (population in the age-group 18-23 years) varies from 6 in Bihar and to 64 in Puducherry as compared to All India average of 25. The top 6 States in terms of highest number of colleges in India are Uttar Pradesh,

Andhra Pradesh, Maharashtra, Karnataka, Rajasthan and Tamil Nadu and these States have more than 30 colleges per lakh population except Uttar Pradesh, which has the college density of 20 only. State-wise list of number of colleges and the density are shown in Table 3.

About 34% Colleges are specialised. Maximum number of colleges are specialized in Engineering & Technology (9.2%) followed by Education (3.2%). State-wise and specialisation – wise number of Colleges is shown in Table 4.

**Average Enrolment
per College is 707**

College Density is 25

3.3 Management-wise number of Colleges

Majority of the Colleges, (73%) are privately managed. Out of which, 58% are Private-unaided and 15% are Private-aided. Remaining 27% are Government colleges.

State-wise, Management-wise distribution of Colleges is shown in Table-5. There are wide variations among states in number of private colleges.

3.4 Level-wise Enrolment

Total Student enrolment has been classified in 8 levels across all the States of India viz – Ph.D., M.Phil., Post Graduate, Under Graduate, PG Diploma, Diploma, Certificate and Integrated. Percentage share of student enrolment in these levels are shown in Figure 2. State-wise and level-wise estimated enrolment is given in Table 7.

The highest numbers of students are seen enrolled at Under Graduate level (79%) across India. On the other hand, second to Under Graduate, 11.8% students are enrolled in Post-Graduation.

3.5 Programme-wise Enrolment

As regard to Programmes, B.A. has maximum share of students (26%) followed by B.Com with 11% student enrolment. Programme-wise enrolment on the basis of actual response is given in Table 8.

3.6 Discipline/Subject-wise Enrolment

The percentage enrolment at Undergraduate Level in major discipline/subject is given in Table 9. The highest percentage of students is enrolled in Arts (34%). Engineering & Technology comes at second highest with 19% of the student share.

At Ph.D level, maximum number of students is enrolled in Science (22%) stream followed by Engineering & Technology (20.5%). On the other hand at PG level maximum students are enrolled in Management stream and Social Science comes at number two. Percentage Enrolment in major discipline/subject at Ph.D, PG and M.Phil level is given in Table 10.

3.7 Management-wise Enrolment in Colleges

There are more than 70% colleges running in Private sector; aided and unaided taking together, but it caters only 61% of the total enrolment. It shows lower per college enrolment in private sector. State-wise enrolment in Private and Government Colleges as per response is given in Table 5(a).

3.8 Enrolment in Distance Mode

Distance education has become one powerful medium of obtaining degrees for large number of students who are staying in far off and remote areas and for whom accessing universities on regular basis is still a dream. Distance enrolment constitutes 12.5% of the total enrolment in higher education, of which 39.9% are female students. Level wise distribution of students under distance mode is given in the adjacent table. At all Levels except Certificate, share of male student is higher than females.

Box 1: Level-wise Distribution of Distance Enrolment

Level	Distance Enrolment		
	Male	Female	Total
Post Graduate	772328	531536	1303864
Under Graduate	1213524	785429	1998953
PG Diploma	44661	18003	62664
Diploma	70580	45595	116175
Certificate	37231	38671	75902
Integrated	1523	478	2001
All	2139847	1419712	3559559

3.9 GROSS ENROLMENT RATIO IN HIGHER EDUCATION (18-23 Years)

Gross Enrolment Ratio (GER) in Higher education in India is 20.4, which is calculated for 18-23 years of age group. GER for male population at all India level is 21.6 in comparison to 18.9 for females. Gender Parity Index (GPI) of GER for the country has come out to be 0.88. State- wise details are shown in Table 11 and the Census 2011 Population for the age group 18-23 years is shown in Table 12.

GER for Scheduled Castes and Scheduled Tribes has not been calculated as RGI has not yet released the age-wise population for these categories in Census 2011.

3.10 Socio-Religious Category -wise Distribution

SC student enrolment is 12.5% of the total student enrolment whereas students belonging to ST category constitute only 4.2%. 31.7% of the total students belong to OBC.

Among Teaching and Non-Teaching Staff, share of ST and OBC are low in comparison to student share. Representation of SC, ST and OBC among Non-Teaching Staff is higher than Teaching Staff. Share of SC is maximum among Non-Teaching Staff. Details are shown in Box 2.

3.11 Representation of Minority Students

Among Minority category, data on Muslims have been collected separately. According to the response received during the survey, 4.5% students belong to Muslim Minority and 2.1% from other Minority Community. Among Teaching and Non-Teaching Staff, share of Other Minority is more than the student share. Details are shown in Box 2.

Box 2. Caste-Category wise % of Students, Teachers & Non-Teaching Staff

Caste/ Category	Enrolment			Teaching Staff			Non-Teaching		
	Male	Female	Total	Male	Female	Total	Male	Female	Total
SC	12.45	12.51	12.47	7.81	6.52	7.28	12.30	13.46	12.62
ST	4.21	4.12	4.17	2.08	1.89	2.00	3.55	3.67	3.58
OBC	31.04	32.42	31.65	25.25	26.32	25.68	25.77	26.77	26.04
Muslim	4.35	4.61	4.47	3.41	2.70	3.12	3.68	2.35	3.31
Other Minority Communities	1.76	2.51	2.09	2.51	5.19	3.60	2.24	4.26	2.80

3.12 Representation of Foreign Students

The total number of foreign national students enrolled in Indian Universities and Colleges are 31632. The top 25 countries of the foreign students in different level of the programmes in responding Institutions are given in Table 13.

3.13 Pupil Teacher Ratio (PTR) in Universities and Colleges

Pupil Teacher Ratio (PTR) in Universities and Colleges is 25.6 at All India Level. Including Stand Alone Institutions it is 24.0.

Table 1. State & Type - Wise Number of Universities

State	Central University	Central Open University	Institution of National Importance	State Public University	State Open University	State Private University	Institution Established Under State Legislature Act	Government Deemed University	Private Deemed University	Others	Grand Total
Andhra Pradesh	3		2	31	1		2	2	5	1	47

Estimation Formula

Estimated enrolment at l^{th} Level for k^{th} Type of college in i^{th} State,

$$E_{ikl} = \sum_{j=1}^{u_i} \frac{N_{ijk}}{n_{ijk}} \sum_{c=1}^{n_{ijk}} e_{ijkcl} , i = 1,2,\dots, 35$$

where, e_{ijkcl} = Enrolment in c^{th} College at l^{th} Level in k^{th} Type in j^{th} University in i^{th} State,

n_{ijk} = Number of responding colleges of k^{th} Type in j^{th} University in i^{th} State,

N_{ijk} = Total number of colleges of k^{th} Type in j^{th} University in i^{th} State,

u_i = number of University in i^{th} State,

$k = 1, 2, 3 \text{ \& } 4$; 1, 2, 3 & 4 stands for Affiliated college, Constituent college, PG/Off-Campus Centre & Recognised Centre respectively,

For, $k=2, 3, 4,$ $n_{ijk} = N_{ijk}$

$l = 1, 2, \dots, 8$; 1, 2, 3, 4, 5, 6, 7 & 8 stands for Ph.D., M.Phil, Post Graduate, Under Graduate, PG Diploma, Diploma, Certificate & Integrated respectively.

Total Estimated enrolment at l^{th} Level

$$E_l = \sum_{i=1}^{35} \sum_{k=1}^4 E_{ikl}$$

Estimation to be made for those Levels, for which sufficient response has been received. Where, Coefficient of Variation is high and n_{ijk} is small, no estimation is proposed.

When response within University is less than 10%, ($n_{ijk}/N_{ijk} < 0.10$), the following assumption is made:

$$\frac{1}{n_{ijk}} \sum_{c=1}^{n_{ijk}} e_{ijkcl} = \frac{1}{\sum_{j=1}^{u_i} n_{ijk}} \sum_{j=1}^{u_i} \sum_{c=1}^{n_{ijk}} e_{ijkcl}$$
