National School Sanitation Initiative

Do you know how important sanitation is for your student?

Good Schools need Good Students and Good Students need Good Sanitation. Sanitation is at the core of human dignity and human progress. Access to sanitary toilets not only ensures dignity of the individual but also positively impacts health, well-being and productivity, reduces drop-out rates and encourages regular attendance in schools. Recognizing both the key significance of sanitation and the role of students as Agents of Change, the Central Board of Secondary Education in collaboration with Ministry of Human Resource Development, Ministry of Urban Development and GIZ launched the National School Sanitation Initiative in 2009. The programme has gained momentum. Sanitation rating has been introduced and CBSE mandates all schools to get their ratings done. Other School Boards and individual schools are voluntarily joining the effort to provide good sanitation in schools!

CTET - JULY 2013

In accordance with the provisions of sub-section (1) of Section 23 of the RTE Act, the National Council for Teacher Education (NCTE) had vide Notification dated 23rd August, 2010 and 29th July, 2011 laid down the minimum qualifications for a person to be eligible for appointment as a teacher in classes I to VIII. It had been inter alia provided that one of the essential qualifications for a person to be eligible for appointment as a teacher in any of the schools referred to in clause (n) of section 2 of the RTE Act is that he/she should pass the Teacher Eligibility Test (TET) which will be conducted by the appropriate Government in accordance with the Guidelines framed by the NCTE.

The rationale for including the TET as a minimum qualification for a person to be eligible for appointment as a teacher is as under:

- It would bring national standards and benchmark of teacher quality in the recruitment process;
- It would induce teacher education institutions and students from these institutions to further improve their performance standards;
- It would send a positive signal to all stakeholders that the Government lays special emphasis on teacher quality

The Ministry of Human Resource Development, Govt. of India has entrusted the responsibility of conducting the Central Teacher Eligibility Test (CTET) to the Central Board of Secondary Education Delhi.

Online Labs

The Online Labs is based on the idea that lab experiments can be taught using the Internet, more efficiently and less expensively. The labs can also be made available to students with no access to physical labs or where equipment is not available owing to being scarce or costly. This helps them compete with students in better equipped schools and bridges the digital divide and geographical distances. The experiments can be accessed anytime and anywhere, overcoming the constraints on time felt when having access to the physical lab for only a short period of time.

ABOUT CBSE SAHODAYA SCHOOL COMPLEXES

Sahodaya, is a concept literally meaning 'rising together', it came into existence in the year 1986, to facilitate synergy of ideas among the school of CBSE, for excellence in education. Sahodaya School complexes is a group of neighbourhood schools voluntarily coming to share their innovative practices in all aspects of school education including curriculum design, evaluation, and pedagogy and also providing support services for teachers and students.

This concept is developed by the Central Board of Secondary Education (CBSE) New Delhi, the largest governing body of academics with nearly 10,000 schools affiliated to it within the country as well as abroad (118 Schools) functioning under the Ministry of HRD, Govt. of India. It is a unique platform for all CBSE affiliated Schools to share their experience and to work jointly for scholastic and co-scholastic excellence.

In 1987, CBSE brought out a publication titled, "Freedom to learn and freedom to grow through Sahodaya School Complexes" (SSCs) which characterized "SSCs" as a voluntary association of schools in a given area, who through mutual choices, have agreed to come together for a systematic and system-wide renewal of the total educational process. In other words as "Sahodaya" signifies rising together, it identified six areas, to begin with, for collaboration amongst schools of its complex:

1. Educative Management
2. Evaluation
3. Human Resource Mobilization
4. Professional growth of teachers
5. Value oriented school climate
6. Vocationalisation of education.

It is an interactive platform for schools to deliberate upon the different policies and guidelines of the board and provide effective feedback on their implementation to establish new benchmark of qualities. A futuristic vision of schooling needs to embrace various section of society with a view to establish social justice in terms of providing equal opportunities.

TRAINING PROGRAMMES

IMPROVING STANDARDS OF EDUCATION

- **The quality of teachers has a direct bearing on the quality of education.** Therefore the training programmes for teachers and principals to enhance their understanding of curriculum and delivery mechanism and other professional qualities are of paramount importance.
- The training can happen through the **cascade mode** wherein **master trainers and mentors can be trained** to ensure the benefits of these programmes to percolate down to all the teachers and students in the schools.
- The Board has planned a **nation-wide training calendar** for the training workshops for CCE and FA for the year 2013-14. The Calendar has been uploaded on the CBSE Academic website.

TRAINING PROGRAMMES

IMPROVING STANDARDS OF EDUCATION

- **Induction programmes** for the principals of newly affiliated schools
- Training programmes on the use of the **Formative Assessment manuals**
- **Mentoring & monitoring** training programmes
- **Capacity Building programmes** for the teachers in collaboration with various private agencies in **PPP** mode
- **Strategic Leadership and Management Training programmes** in collaboration with various **management institutes** like IIM, IIFT, ETMA, NUEPA and also by CBSE
- **Parents Advocacy** programmes

Capacity Building in the CBSE

Quality concerns in school education are among the priorities of CBSE as they play a pivotal role in the development of the country. The Board is committed to make provisions for various training programmes for teachers and principals to enhance their understanding of curriculum and delivery mechanism and other professional qualities. Through the Cascade mode, the Board selects and trains master trainers and mentors for ensuring the benefits of these programmes to percolate down to all the teachers and students in the schools. The training of the teachers assumes even greater significance in the wake of Right to Free and Compulsory Education Act-2009 to ensure the target achievement as per the proposed teacher student ratio proposed in the Act.

One touch of nature makes the whole world kin.

William Shakespeare

Nature have always been kind to us by giving invaluable assets in the form of animals, birds, forests, islands and mountains but in today's world the question arises are we kind to nature for its gifts. From most us the answer will come no. Here is an opportunity for you all to know about the valuable gifts of nature and try to conserve them for our posterity.

WAVES OF CHANGE

- **Launch of Waves of Change** and conferment of **1st National School Sanitation Awards** to **top 156 schools** (under **Green, Blue** and **Yellow** schools) that had come forward to get their **online school sanitation rating** (www.schoolsanitation.com) on 28th Nov, 2012.

Good Schools need Good Students and Good Students need Good Sanitation. Sanitation is at the core of human dignity and human progress. Access to sanitary toilets not only ensures dignity of the individual but also positively impacts health, well-being and productivity, reduces drop-out rates and encourages regular attendance in schools. Recognizing both the key significance of sanitation and the role of students as Agents of Change, the Central Board of Secondary Education in collaboration with Ministry of Human Resource Development, Ministry of Urban Development and GIZ launched the National School Sanitation Initiative in 2009. The programme has gained momentum. Sanitation rating has been introduced and CBSE mandates all schools to get their ratings done. Other School Boards and individual schools are voluntarily joining the effort to provide good sanitation in schools!

WELCOME

CBSE is a self-financing body which meets the recurring and non-recurring expenditure without any grant-in-aid either from the Central Govt. or from any other source. All the financial requirements of the Board are met from the annual examination charges, affiliation fee, admission fee for PMT. All India Engineering Entrance Examination and sale of Board's publications. The jurisdiction of the Board is extensive and stretches beyond the national geographical boundaries. As a result of the reconstitution, the erstwhile 'Delhi Board of Secondary Education' was merged with the Central Board and thus all the educational institutions recognized by the Delhi Board also became a part of the Central Board. Subsequently, all the schools located in the Union Territory of Chandigarh, Andaman and Nicobar Island, Arunachal Pradesh, the state of Sikkim, and now Jharkhand, Uttaranchal and Chhattisgarh have also got affiliation with the Board.
